

PANDUIT Is In Your Corner

NEW!

PANDUCT® PANELMAX™ Corner Wiring Duct – Space Saving One-Piece Construction

PANDUCT® PANELMAX™ Corner Wiring Duct is an innovative wire management product that makes more efficient use of space inside enclosures, speeds installation, and reduces control panel assembly costs. PANELMAX™ Corner Wiring Duct is used in the vertical corners of medium to large electrical control panels (with both side and back panels) to route, conceal, and protect electrical wiring. The unique base design provides up to 20% savings in the enclosure footprint area or up to 5 square feet of additional sub-panel space.

Design features to ease wiring and installation:

- One-piece base with co-extruded flexible hinges
- Quick mount clips
- Integrated mounting feature for divider wall
- Compatibility with standard wiring duct and covers

PANELMAX™ Corner Wiring Duct is part of a complete line of PANDUIT wire management solutions for control panels.
